WATER CROSS-CONNECTION SURVEY
(Residential)

Dear Water Customer: The Village of Loudonville is required by Ohio Administrative Code to conduct periodic surveys and investigations of potential cross-connections to the public water supply. The text of OAC 3745-95-03 is included on the back of this form for your reference.

Please complete, sign and return this form, using the enclosed envelope (can be included with your water invoice payment), to the Village of Loudonville within 30 business days upon receipt of this survey. Customers who do not respond will be contacted to schedule an inspection of the premises.

If you have additional questions, or need assistance completing this survey, please phone the Village business office at (419) 994-3214 during regular business hours. Alternatively, emails may be directed to c.young@loudonville-oh.us Your cooperation is needed and is certainly appreciated.

Table with 4 columns: YES, NO, PLUMBING OR ACTIVITY, DESCRIPTION (IF YES). Rows include Dialysis equipment, Underground sprinkler system, Water treatment system (e.g., softener), Solar heating system, Fire sprinkler system, Sewage pumping facilities, Hobby farm, Animal watering trough, Swimming pool or spa, Greenhouse, Decorative pond, Photo lab or dark room, Home-based business. (e.g., beauty salon, machine shop, etc.)

Customer agrees that the above information is true to the best of their knowledge.

3745-95-03 Surveys and investigations.

(A) The supplier of water shall conduct or cause to be conducted periodic surveys and investigations, of frequency acceptable to the director, of water use practices within a consumer's premises to determine whether there are actual or potential cross-connections to the consumer's water system through which contaminants or pollutants could backflow into the public water system.

(B) The supplier of water, or his authorized representative, shall have the right to enter premises served by the public water system at all reasonable times for the purpose of making surveys and investigations of water use practices within the premises.

(C) On request by the supplier of water, or his authorized representative, the consumer shall furnish the supplier, or his authorized representative, information on water use practices within the consumer's premises.

(D) Paragraph (A) of this rule does not relieve the consumer of the responsibility for conducting, or causing to be conducted, periodic surveys of water use practices on his premises to determine whether there are actual or potential cross-connections in the consumer's water system through which contaminants or pollutants could backflow into a public water system or a potable consumer's water system.
